

This Week in the Whittier Pollinator Garden

October 2018

The milkweed pods are opening and the wispy seeds catch the wind and land wherever they may.

Above and below:  
Common Milkweed, [\*Asclepias Syriaca\*](#).

Common Milkweed, [\*Asclepias Syriaca\*](#).

We planted White Snowberry [\*Symphoricarpus alba\*](#), near the south end of the Sunny Hallway

Indian Hemp; [Apocynum Cannabinum](#)

Sedum, with Sundrops fall color behind it.
