

This Week in the Whittier Pollinator Garden

July, 2018

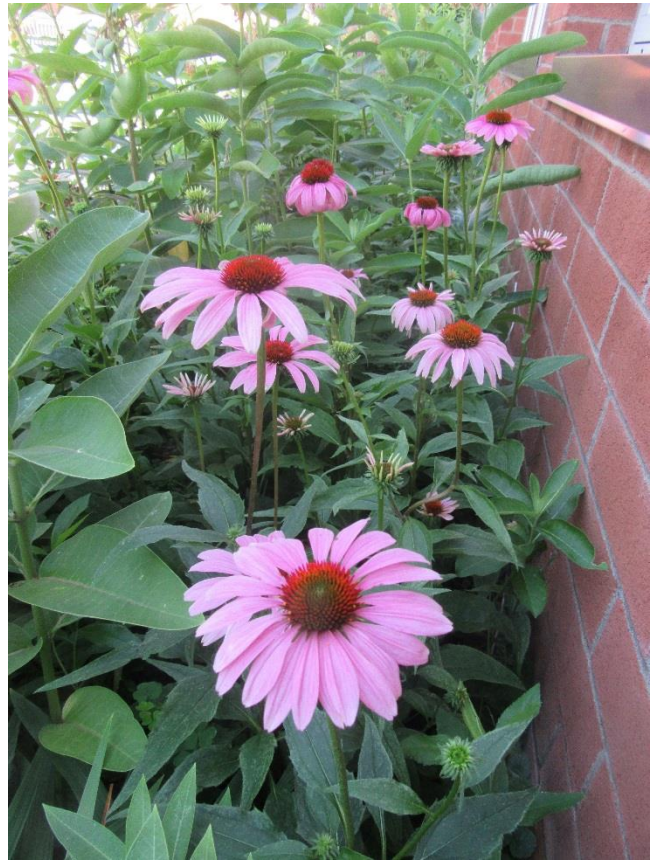

The time of summer splendor. The bumblebees number in the hundreds. The blooms of Purple Coneflower, Milkweed and Bee Balm are at the peak of their beauty.

A bumblebee feasting on the flower of Common Milkweed, [*Asclepias Syriaca*](#).

Bee Balm; [*Monarda Fistulosa*](#)

Purple Coneflower; [*Echinacea Purpurea*](#)

Common Milkweed, [*Asclepias syriaca*](#), pods forming
